Where and how to access ECU: I have tried to illustrate where and how to access the ECU, it is in the glove box compartment. To access it open your glove box and undo the two screws holding the plastic cover that is at the "ceiling" of the glove box compartment, under there you will find the ECU and the Connector. The fusebox is at the heart of your BMW's electrical system. Located on the rear, left side of the engine compartment, the relays and fuses inside are sometimes vulnerable to corrosion and failure.
