YoLinux: Linux Information Portal includes informative tutorials and links to many Linux sites. The YoLinux portal covers topics from desktop to servers and from developers to users. Beginner Introductory, no previous programming experience. C++ Primer * (Stanley Lippman, Josée Lajoie, and Barbara E. Moo) (updated for C++11) Coming at 1k pages, this is a very thorough introduction into C++ that covers just about everything in the language in a very accessible format and in great detail. This blog post about the C++ ecosystem in 2017 is worth a special mention. Written in January, it overviews nicely the main expectations and trends, and not just about the language. While C++17 is indeed the main topic for this year's discussions (as well as the features that failed to be included
