

Download Emily Carr : The Untold Story

Special Counsel Robert Mueller's job is to make sense of how Russia hacked the 2016 election. But to make sense of Mueller, you have to revisit some of the bloodiest battles of Vietnam. The Wonky Donkey by: Craig Smith, Katz Cowley (Illus.) Hello Lighthouse by: Sophie Blackall; Goodnight Moon by: Margaret Wise Brown, Clement Hurd (Illus.) Twenty-seven year old Elvira Carr has autism. She has been sheltered by her parents. When her father, who she idolizes, dies of a heart attack, she is left in the care of her mother. The feature, formerly run by journalists, was taken over by an automated system in 2016. After the switch, Trending Topics repeatedly surfaced conspiracy theories and outright false information.
