Hindu medicine, known as ayurveda or the "science of life," has a highly developed system of practical ethics derived from the Hindu principles of nonharmfulness, the sanctity of all life, the existence of the soul separate from the body and a willingness to accept life's circumstances as defined by one's karma and dharma. The American Civil Liberties Union and a group of abortion providers say a federal court should hold a trial about their call to strike a 40-year-old...Sati or suttee is an obsolete funeral custom where a widow immolates herself on her husband's pyre or takes her own life in another fashion shortly after her husband's death. Indus is the main river system of Pakistan. Agriculture of this nation depends on the water from Indus river. Even though there is a water sharing treaty between India and Pakistan, former being upper riparian state, has more control over sources of this river system.
