Providing Honda motorcycle service repair manuals and owners manuals for every Honda motorcycle or street bike ever produced between the years 1970 through 2011. The Honda CB250N and CB400N Super Dream are motorcycles manufactured by the Honda Motor Company from 1978–1986. The successor to the short lived Dream model, it had a series of revisions including a six speed transmission and what Honda termed as European styling which resembled the CB750F and CB900F. The Honda CB440S was a special version offered by a Honda dealership in São Paulo, Brazil in 1983. This was simply a CB400 with a 447 cc engine with some imported parts as lightweight crankcase, larger pistons and new suspension arms. Free Honda Motorcycle Service Manuals for download.
