

Download How Our Garden Grows

In 2009, Louisville Grows was founded to assist community groups and individuals on their journey towards sustainability. Between 2009-2011, Louisville Grows assisted with the creation of 13 community gardens across Metro Louisville with a focus on food-insecure neighborhoods in West Louisville. Welcome to the Plant A Seed Foundation of Canada, a Not-for-Profit Organization Supporting Community Gardening, Farming, and Nutrition Programs for Youth. By working with Louisville residents to start community gardens, we're working toward a more just and sustainable city. Our urban agriculture programs encompass neighborhood gardens, an urban farm, CSA refugee training program, the Urban Growers Series, and Citizen Gardener trained volunteers. Garden Plants Nursery - An Online Plant Nursery offering affordable plants, trees, shrubs, perennials, fern plants, live stakes, mosses and more at low prices. We ship to everyone.
