The following is a list of states that have admitted the possession of nuclear weapons or are presumed to possess them, the approximate number of warheads under their control, and the year they tested their first weapon and their force configuration. The United Kingdom was the third country (after America and the Soviet Union) to develop and test nuclear weapons, and is one of the five nuclear-weapon states under the Treaty on the Non-Proliferation of Nuclear Weapons. Previous generations have thought that Jesus Christ would return in their lifetimes, but they were proven wrong. Many people alive today think that Christ's return is imminent. Certainly, the Bible contains prophecies that could not have been fulfilled until this generation. Arms control, any international control or limitation of the development, testing, production, deployment, or use of weapons based on the premise that the continued existence of certain national military establishments is inevitable.
