Franz Kafka (3 July 1883 – 3 June 1924) was a German-speaking Bohemian Jewish novelist and short story writer, widely regarded as one of the major figures of 20th-century literature. Epistemological anarchism is an epistemological theory advanced by Austrian philosopher of science Paul Feyerabend which holds that there are no useful and exception-free methodological rules governing the progress of science or the growth of knowledge. Kafka's *The Trial* is a tough book to read, perhaps because so much of what he wrote about seems plausible today. Secret decisions in which the primary person is not informed (think about some of the digital monitoring that goes on), trials that are unaccessible, and the insidious effect on one's social circles where the shadow of a trial ...BibMe Free Bibliography & Citation Maker - MLA, APA, Chicago, Harvard
