## Sociolinguistics

Language is basic to social interactions, affecting them and being affected by them. Connie Eble of the University of North Carolina explains how the field of sociolinguistics analyzes the many ...Prestige is the level of regard normally accorded a specific language or dialect within a speech community, relative to other languages or dialects. The study of the many ways language and society intersect is known as sociolinguistics. The field combines sociology, psychology, anthropology and more. About us. John Benjamins Publishing Company is an independent, family-owned academic publisher headquartered in Amsterdam, The Netherlands. ...More.
