

Download Life Among The Indians

Paleo Indians Archeologists think that the Paleo Indians, sometimes referred to as the Clovis People, were among the first to inhabit the Americas. This file describes the 1862 smallpox epidemic among Northwest Coast tribes. It was carried from San Francisco on the steamship Brother Jonathan and arrived at Victoria, British Columbia, on March 12, 1862. The Indian Health Service (IHS), an agency within the Department of Health and Human Services, is responsible for providing federal health services to American Indians and Alaska Natives. The provision of health services to members of federally-recognized Tribes grew out of the special government-to-government relationship between the federal ... Map of Long Island, New York 1609 Location of Long Island Indian Tribes when European settlers arrived. Also demonstrating how closely the shape of Long Island resembles that of a fish.
