

Download Loving A Younger Man: How Women Are Finding And Enjoying A Better Relationship

Midlife women are doing it again. As we did in our 20s, we are questioning fundamentals, challenging the status quo, being stubbornly bohemian and embracing the unconventional. Let me tell you a seemingly harmless, but really toxic story. Imagine two young and healthy people get together, a man and a woman. They are both very physically attractive (above average in looks in fact) and they both have decent jobs. At times, without really wanting to, we may end up having a relationship with married men. So are you dating a married man? Read this experience to understand how it feels to date a married man, and how your life can change when you enter this dark world. I have read most of these comments and have found not many have been the other way round. I am 20 going on 21 man and have started seeing a 31yr young woman. and so far great I feel an experience in life but to complicate things I am also seeing a younger girl my age 19 .
