Good starter book for beginners, just as the title states. It covers the basics in enough detail that it will help guide you through the fundamentals of getting prepared for a disaster. From now on, whenever you go shopping, most of what you buy should go straight to the back of your food storage shelves, and the stuff in front should be pulled out to use for the coming week's meals. Sawyer Mini Portable Water Filter. I've tried several different water filtration systems but this is the best overall. It's inexpensive, extremely portable, can be attached in-line to a Camelbak or similar system, and with the backflush syringe can filter 10's of thousands of gallons. The M4A1 carbine entered service in 1994, taking feedback from lessons-learned in the Gulf War where the M16 series was dominant. A lot of troops were asking for a shorter weapon for a variety of reasons such as urban operations, vehicle crews, and special operators to name a few.
