

# Download The Lyme Disease Solution

Dr. Aucott receives Global Lyme Alliance Lauren F. Brooks Hope Award. APRIL 11, 2015. John N. Aucott, MD, a renowned expert in clinical research on the diagnosis and epidemiology of Lyme disease, was the recipient of the Lauren F. Brooks Hope Award at the Global Lyme Alliance "Time for Lyme" Gala on April 11, 2015. How Lyme Disease Infections Work. Borrelia can adapt to a variety of natural hosts, and humans are one of the most common. When an invasion of borrelia enters the bloodstream through a tick bite, the immune system immediately recognizes it and responds aggressively. Global Lyme Diagnostics has developed the latest innovation in Lyme diagnostics. The GLD test is now available as of June, 2017. The Plum Island Animal Disease Center (PIADC), that is now managed by the U.S. Department of Agriculture, is dedicated to research on plant and large animal diseases likely to have a significant economic impact on the livestock and agricultural industries.
