

# Download Understanding Media The Extensions Of Man

Understanding Media: The Extensions of Man is a 1964 book by Marshall McLuhan, in which the author proposes that the media, not the content that they carry, should be the focus of study. "The medium is the message" is a phrase coined by Marshall McLuhan meaning that the form of a medium embeds itself in any message it would transmit or convey, creating a symbiotic relationship by which the medium influences how the message is perceived. Welcome to Cornwall Film Festival - we create film events, special screenings and produce an education programme annually. Do you have a Hair Extension Website? It is the most important part of selling hair extensions online. Find out how to get started selling hair extensions.
